Objective

Seeking a challenging position as a **React Native Developer**, where I can utilize my expertise to design, develop, and deliver high-quality mobile applications. I have **3.5 years** of professional experience, all of which has been focused on building cross-platform mobile apps using React Native for both Android and iOS. I am passionate about crafting seamless user experiences, optimizing app performance, and continuously learning and adapting to new technologies and development environments.

SKILLS

Programming Language: Javascript, Typescript, HTML, CSS, SQL, Python, Swift

Frameworks: React Native, Expo, SwiftUI, Redux, React, Gojs, ChartJs, NextJs

OS: Mac, Linux(Ubuntu), Windows

Tools & Technologies: Postman, Xcode, Android Studio, VS Code, Jenkins, Figma

Version Control: GitLab, GitHub

Project Management Tools: Jira, YouTrack

EXPERIENCE

Griffyn Robotech Private Limited: Software Developer, Jan 2022 - Present (Pune)

- Built and published cross-platform mobile apps using React Native for Android and iOS.
- Developed key features, including fund dashboards, investor, secure authentication, OTP flows, and chart visualizations
- Implemented multi-language support to ensure accessibility for a global user base
- Enhanced UX with skeleton loaders (Shimmer Placeholder) and media features using Image Picker.
- Collaborated with designers and backend engineers to deliver scalable, user-friendly solutions.
- Followed Agile methodologies (Scrum, JIRA) to manage sprints and deliverables.

Roxiler Systems: Software Developer Intern Sep 2021 - Jan 2022 (Pune)

- Delivered reusable, maintainable code aligned with coding standards.
- Integrated third-party APIs to extend functionality.

PROJECTS

RAISE FAS (Linnovate Partners)

- Built a cross-platform fund administration app using React Native, assets fund managers and investors with visibility into commitments, contributions, NAV, and distributions (read-only)
- Developed dashboards, fund/company detail carousels, investor analytics, and workflows (To-Do, In-Progress, Done, Overdue), plus a Contact Us module with Image Picker.
- Implemented secure authentication, OTP flows, Redux Toolkit state management, and interactive chart visualizations.
- Published on [App Store](#) and [Play Store](#)

BlackBox(AT&T)

- Developed a cross-platform mobile app with React Native, collaborating with designers & backend developers.
- Built reusable UI components, implemented business logic, and optimized app performance.

TalentOjo(KPIT)

- Built Android/iOS app with React Native, integrated APIs with Axios, and delivered reusable, maintainable Code.

GymBuddy Complete Guide

- Developed a fitness app in React Native with Figma-designed UI
- Built workout dashboards and integrated exercise videos for guided training.

EDUCATION

BCA- Pune University, March 2022 CGPA - 8.25
